DETAILED ACTION

Allowable Subject Matter

All claim rejections are hereby withdrawn.

Claims 1-3, 7, 9, 10, 12-17, 19-25 and 27-30 are allowed.

The following is an examiner's statement of reasons for allowance: The sum total of applicant's arguments, filed May 25, 2007, is persuasive. Regarding the combination of Hsieh and Kim, applicant's arguments (pages 10-13) rebutting the functional equivalence aspect of the rejection was rejection particularly persuasive. Regarding the rejection under 103 over Ito, applicant's argument (page 30) regarding Ito's lack of data that pertained to low-k dielectrics was particularly persuasive. These arguments, in combination with the additional arguments were sufficient to overcome the *prima facie* case of obviousness.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
